

Everyday Wine List January 2025

In spite of this I believe our hand-selected wines remain excellent value for money as they are chosen for their innate quality, rather than to fit a particular price bracket. It is worth noting too that once the consumer starts paying over £10 per bottle the better value the wine starts to become; a bottle of wine costing £5.50 will probably have less than 20 pence worth of wine in it; a £10 bottle will have nearer to £2.50 as the cost of the actual contents – a £20 bottle well over £6.50, so the more you spend on a bottle the better the value!

The wines are priced by the case but may be bought in 3s or 6s. Delivery within England is free for orders of 12 bottles or more over £200, otherwise £10 (delivery to other parts of the UK will be charged at cost). Delivery will be charged at £20 for all orders less than 12 bottles or at cost, whichever is the greater. All wines offered subject to remaining available. Do not hesitate to get in touch should you need more information or guidance when making your selection.

Quality beats quantity every time!
